

ROBOTIC PACKAGING

EnCompass® RCP-15

Robotic Case/Carton Packer

where products meet packaging®

Designed to provide maximum flexibility, performance and reliability in a compact footprint, the ADCO EnCompass RCP-15 robotic case packer is ideal for the most demanding and space conscious production environments. The EnCompass RCP-15 robotic case packer features end-of-arm tool designs that are based on ADCO's decades of complex product handling experience and can be configured to handle many types of case packing applications at rates up to 15 cases per minute when configured with a single packing robot. Additional packing robots may be used to increase the speed in certain applications. ADCO's EnCompass RCP-15 robotic case packer provides packagers with unparalleled speed, adaptability and investment protection. The EnCompass RCP-15 features stainless steel construction and is available in either standard or food grade configurations.

Benefits

- Stainless steel construction improves cleanability
- Modular design and use of robots make it easy to change to different package styles
- Small footprint saves space and eases integration into space constrained areas
- Simple, robotic design with few moving parts allows for easy, low-cost maintenance
- Precision robotic motion ensures gentle product handling and quality output
- Fast, easy tool change reduces downtime and improves productivity

EnCompass® RCP-15 Case Packer Robotic Packaging

Product Features

- Capable of speeds up to 15 cases per minute, depending on the application
- Able to erect, pack and seal a wide variety of carton and case styles
- Compact 14' x 7' welded heavy duty frame
- 6' "inset mount" powered case magazine
- Sanitary design with easy access for changeover and cleanup
- Multiple infeed options including flat belt and servo-driven racetrack designs
- Allen-Bradley® PLC control package with touch screen HMI interface
- Category 3 safety system with fully-interlocked barrier guard package
- Many options available upon request

Typical Applications

- Retail Ready
- Snack foods
- Baked goods in trays
- Flow-wrapped products
- Frozen meats
- Dairy
- Personal care
- Cosmetics

Carton / Case Size Range

- Varies by Application

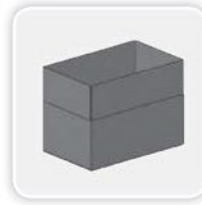

Utilities

Electrical

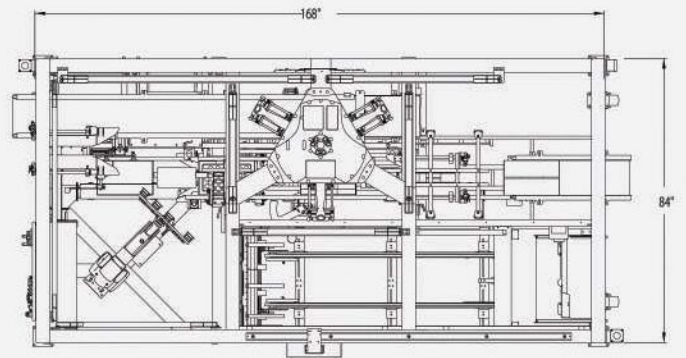

230/460 VAC, 3-Phase with ground (PE), 60 Hz
